Local training for member dentists

Friday, May 13, 2022 | 8:30am – 4:30pm

Platelet Rich Fibrin in Daily Practice Hands-on Workshop

Supported, in part, by Kettenbach Dental

Speaker: Jon M. Julian, DDS

Location: GSLDS Office at 11457 Olde Cabin Rd. Suite 300, St. Louis, MO 63141

CE Hours: 6 CERP CE **Lunch:** 11:30am – 1:30pm

Limited to: GSLDS member dentists; *space limited*

Registration Fee: \$325 dentist

This course will introduce PRF to any clinician performing surgical procedures such as extractions (of any kind), implants and grafting. The rationale for PRF usage as well as its clinical benefits will be highlighted. Making surgical procedures less costly, more efficient and resulting in shorter healing times and fewer surgical complications will be presented. Having a hands on segment will give the practitioner experience in drawing blood and manipulating the materials.

COURSE OBJECTIVES:

- Understanding the clinical uses of PRF.
- Understanding the wound healing benefits of PRF.
- Understanding the patient's acceptance of and experience with this procedure.
- Gaining practical experience with drawing blood and utilizing the fibrin products.

Speaker Biography: Jon M. Julian received his Doctor of Dental Surgery degree from the University of Missouri at Kansas City Dental School in 1978 after doing his undergraduate work at the University of Kansas. A native Kansan, Jon and his wife Karen have six children. He lived and practiced dentistry in McPherson, KS from 1978-2011. In 2010, he started a new adventure, sold his practice in Kansas and relocated to South Carolina to open his new Dental Practice ~The Dental Retreat at Mountain Park~in December of 2011.

The facility not only houses his successful dental practice, but it is also where Dr. Julian holds some of his very popular Over the Shoulder/Hands-On Implant Courses, Laser Courses, and CBCT Lectures. Dr. Julian maintains an active membership in the American Dental Association, Academy of General Dentists, South Carolina Dental Association, Academy of Laser Dentistry, International College of Oral Implantologists and Doctors for Oral Conscious Sedation. Dr. Julian was the original Implant Instructor and charter member of the Dr. Dick Barnes Group.

He lectures extensively throughout the United States and Europe on dental implants and the use of lasers and new technology in dentistry. He is a visionary in the implementation of technology into the General Dentistry practice setting such as digital scanning, cone beam, and Platelet Rich Fibrin procedures. He has mentored many doctors down the path of growing their practice through improving communication skills and the addition of technology and new procedures.

ADA C.E.R.P.[®] | Continuing Education
Recognition Program

The Greater St. Louis Dental Society is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. GSLDS designates this activity for 6 continuing education credits.
